### President's Message

Dear Washington Square Residents, What do you get when you cross a chicken with a saxophone? A really fabulous Concert and dinner! (sorry... very bad) But seriously, this fall our Concert in Washington Square should prove to be one of the greatest events ever. Besides being set at a great price, it's a wonderful opportunity to get to know your neighbors much better. For those of you who live on Lowell & 10<sup>th</sup> Streets, use this as a chance to have a party on your front lawn! But please, let us know if you live on a street that would like to be considered for hosting an event!! We would love the input for our next shin-dig!

Did you know that our crossing guard, **Mildred**, at Washington & Baker, has been doing her job there for 20 years??!! The City recently recognized her efforts in a wonderful ceremony, and Washington Square Neighborhood Association showed their appreciation as well. If you ever see Mildred, as she is there daily at her post, don't hesitate to wave- she loves it!!

Have you been noticing, as I have, the graffiti and grocery shopping carts that have littered our neighborhood lately?? Of course we all know that both of these things, spraying graffiti and taking

As fall quickly approaches, the Washington Square Neighborhood Association has been busy planning this year's Fall concert.

The event, set for October 7th, promises to be an evening of fabulous food, talented music and an excellent time for neighbors to come out and get to know each other. We are encouraging all WS residents to put on their dancing shoes and social hats and join us for a spectacular evening.

This year's music theme is jazz and R&B. You may recall hearing the band "Simple Pleasures" at our annual summer party this year. They were such a big hit, they have been invited back by popular demand. This 5 member band has the personality

shopping carts out of a store parking lot, are against the law, and really bring down the look of our neighborhood. And, to be honest, they bring down our property values as well. When prospective buyers drive down your street, they will pay much more for your home if the streets are well kept and clear of tagging. Please help discourage 'taggers' by calling the Graffiti Hotline right away when you see graffiti-leave an anonymous message at **714-647-3380** and **after 3 p.m.: 714-647-3542.** Please! **And please take a moment to call about stray shopping carts:** 1-800-252-4613. Thank you for your help in making our neighborhood a clean and wonderful place to live!

and pizzazz to entertain you all night! The association selected Lowell and 10th as the host streets. This location was selected for its beauty and ambiance, the "just the touch" ingredient for an unforgettable evening.

The price of this event is \$20 per table if you purchase before September 22, \$25 thereafter. Food will be provided by local restaurants, or you may bring a picnic-type dinner of your choice. Each table seats six and will be entered into a table piece decorating contest tailored around a fall season theme.

If you have not yet reserved your table, please contact Fall Concert Chairman, Sergio Verino at 835-0473. Setup/Social hour begins at 6pm with the band playing from 7:00—10:00 pm.

We look forward to seeing everyone there!

Have you checked out the web site lately for our little corner of Santa Ana?? [www.washington-square.org](http://www.washington-square.org). (There is lots of information on upcoming events, the latest news and info on construction starting on some of our streets). Speaking of the web site- I know, friend, that you know how fabulous most of our Washington Square *residents* are... want to write a little two paragraph blurb about them?? We'll post it on the web like a 'brag book' of Washington Square residents! Let me know at [brookestewart@home.com](mailto:brookestewart@home.com).

See you at the Fall Concert, friends!

## OLDE SHIP SAILS INTO NEIGHBORHOOD

Make sure you head over to the Olde Ship restaurant and bar located directly on the perimeter of our neighborhood. Wow! I am loving it—the food is wonderful—definitely true to the English style. I have always received great service every time I have gone in. I think my favorite has to be, though, their selection of desserts...wow! I've visited with lots of our Washington Square neighbors and most like the Sticky Toffee Pudding, but my favorite has got to be the bread pudding. Of course, for those who like a 'nip' now and then, there select at the bar is fabulous—the Bod-dington's Ale recommended by the waiter is definitely a winner. Don't miss this gem-set in the location that was previously Hankey's. Open for lunch and dinner.

## *July 13, 2000 General Meeting Minutes*

Meeting called to order at 7:15 by Brooke Stewart. Brooke welcomed newcomers and announced remainder quarterly meeting schedule.

Officer Ken Witt was introduced. Officer Witt gave statistics for June in the Washington Square area. He mentioned that activity has slightly increased but was considered normal for summer months.

Brooke brought up graffiti in the neighborhood and asked officer Witt the role the police played in removing the paint off trees and property. Officer Witt responded that the police do not respond to such calls, but that the city should be notified and that they have been very good to responding to these calls. Councilman Tom Lutz commented that the city has purchased new equipment that removes the paint from the trees without harming them.

A resident brought up the issue of increased vehicle speed in the neighborhood. General comments were made by other residents present of other locations in Washington Square where speed is a growing concern. It was asked how we could go about getting speed bumps placed in our neighborhood. Tom Lutz briefly explained the process, which starts with a general petition signed by the residents and then is forwarded on to E-Tech for review and approval.

Brooke introduced Wilson Elementary Principal, Dr. DeVera Heard. Dr. Heard addressed the skateboard issue. She acknowledged the issue and is aware of the weekend problems with the skateboarders. She is utilizing the school police as necessary and gave out the school police's number for our reference: (714) 558-5535. She will be submitting an article for the neighborhood newsletter. She encouraged the audience that the school should be used as a resource for both children and adults. Wilson hosts Santa Ana College classes and invited the community to participate.

Current school enrollment is 1050 students. The school is now a K-4 with the fifth grade class moving to Mendez and Cierra intermediate. She announced a new marquee to be installed that will be lit in the early evening. This was donated by a local church. The library is now computerized and in use. Wilson is going to be introducing a history/science program. Principal Heard commented that she is making Monday announcements to the school children regarding trash and being a good citizen, etc. Encouraged neighbors to call with concerns with properties. Crossing

issue addressed. Automobile club to guest speak regarding the 15<sup>th</sup> St. and Flower crossing problem. Addressed parking problem on Baker. Representatives from school district, the city and the neighborhood association to discuss. Information will be forthcoming regarding parking on 15<sup>th</sup> and Washington for Tuesday street sweeping. Proposing an early sweeping at 6:45 am.

Dr. Heard announced the school's fiesta will be September 16<sup>th</sup>. Encouraged volunteer work at the school.

Brooke introduced Regan Candelario, District Manager for Community Neighborhood Improvement with the City. Regan introduced role of program. Announced "Tool Book" for association. This includes history, past successes, tools for future process of activity endeavors. Brought City Line Publication. Chamber working on getting this distributed to all city residents.

Regan discussed his role in coordinating action groups for particular city needs and developing a resource network focus. A resident brought up the idea of having a community member part of this program. Regan stated this program is a resource for the city to identify and help solve neighborhood problems or issues.

Brooke introduced Lynette Gallegos to give a summer party recap. Lynette commented on the attendance and how successful everyone attending perceived the event to be. The party brought approximately 400 people together. Events including the 3in1 moon bounce, the cake walk, chili cook-off, face and hair painting, food and entertainment were a big hit with everyone. Lynette acknowledged the people who sponsored and those that helped to make this year's party a true success. Ideas were brought up by residents attending for future tips for the next summer party.

Brooke introduced Wendy from the Orange County High School of the Performing Arts. Wendy introduced the school and the purpose behind its idea and development. This school is known as a County School and attendance is by audition only. Wendy discussed the school's 5-10 year plan for community benefit outreach of art education to other schools in the county. This is now in the organization stages to facilitate this plan. The Memorandum of Understanding has not yet been approved. # Fence Ordinance Adopted for Santa Ana Homeowners

Ok neighbors, the news is in and it's official. An established ordinance (SAMC 41-610) now requires front yard fences to be a maximum of 3 feet high built within the first 20 feet of the front yard. The ordinance includes the allowance of arbors to be erected within the front 20-foot setback when:

- a) no higher than 10 feet
- b) no wider than 6 feet
- c) no deeper than 3 feet
- d) placed over walkways.

Exception to the 3 foot high fence maximum is if the front yard faces a vehicle arterial street. At which the height increases to 4 foot. A vehicle arterial street is defined by the Circulation Element of the City's General Plan. To be reassured of what your street is considered call the city's Planning Department at (714) 647-5804. Material approved for fencing are

wood, wrought iron, tubular steel, stone, brick, stucco, and decorative block such as slump stone or split faced block. Chain link fencing is not permitted except in a rear or side yard which is not viewable from the public street. Spikes, stakes, barbed/concertina wire, any sharp metal objects are not allowed.

*The following is an excerpt of the S.A.M.C. 41-610 (f)(2) for sake of clarity and removal of any confusion*

Those portions of the front yard fence 18 inches in height and lower may be constructed of opaque or solid materials. Elements over 18 inches in height shall be spaced no closer than 4 inches apart, with each member no wider than four inches across. Elements wider than four inches across shall be considered pilasters. Pilasters may be no wider than 16 inches across, and may be no closer than

8 feet on center, except for pilasters supporting a four foot wide maximum entry gate. *Please consult with a city planner for code interpretation (714) 647-5804.*

Although the permit is free an application must be made with the Planning Dept. for approval.

½ industry professionals and ½ college students.  
August 10<sup>th</sup> will be its preview.

The fall concert for Washington Square announcement was made with more information to be forthcoming. A meeting to organize a committee for this event to be held at Sergio Verino's house.

Brooke addressed the Dumpster Day issues that are ongoing within the square. The early fill up is frustrating to many of the residents, as some of the participants are not WS residents. It was discussed that it is important for proper ID to be required prior to using the Dumpster. There is a need for more block rep participation on Dumpster Day to ensure this procedure is successful.

Brooke announced July 23<sup>rd</sup> Rodeo at the Santa Ana Stadium. There will be an increase of traffic and noise surrounding the neighborhood but the reinforced safety and patrol should keep it under control.

It was announced that the Association would like to introduce new positions to the Board. These positions would include a Neighborhood Communications Coordinator, Block Rep Coordinator and an assistant to the Secretary. Further communication regarding these positions to be determined.

Lou Lopez and Nancy Lutz were announced for their candidacy to the city and state election this November.

Brooke opened the floor for discussion. Resident brought up the Towner street renovation and its project timeline. Tom Lutz to check into and report back. Residents discussed misc. street and property concerns. Residents brought up noise ordinances, dog walking and lawn mowing issues.

Tom Lutz announced a free concert at Centennial Park on July 28<sup>th</sup> with the Pacific Symphony. This event is made possible by a grant given to the symphony from Edison.

Meeting Adjourned – 9:10 p.m.
